First Pres. Family,

Greetings. July is upon us and change is in the air! As many of you know Glenn Coleman is retiring and will no longer be with us full time. On behalf of the congregation, I would like to thank Glenn for the wonderful blessings his guidance has brought to our church and wish him and his family health and happiness as they embark on a new chapter in their life. God Bless you, Glenn, and best wishes for your retirement; thank you, again, for enriching us all with your light and wisdom!

There are many other changes each of us are experiencing presently; graduations, new jobs, retirements, etc. Change brings the opportunity for growth and First Presbyterian is poised for wonderful change! Our PNC is working steadily in a search for a new pastor and the Session and Deacons have been working toward ideas for new programs and outreach to help our church grow. This is an exciting time and I cannot wait to see what changes God has in plan for First Presbyterian Church!

I would be remiss if I did not mention the upcoming July 4th, Independence Day celebration and the change God brought to the world with the founding of the United States of America. Through God's graces and the faith and sacrifice of many, the world has been forever changed by our system of self-governance brought about by colonists standing up to and defeating the greatest and most powerful nation at the time. During your celebrations, please take a moment to thank God, and all of those who have sacrificed their lives and labors, for the freedom and prosperity we all enjoy today. God Bless you all.

Mike Freshour

Worship Committee co-chair

Searching for a New Pastor

PNC Update - What Are You Doing Here, Elijah?

This week in Pastor Glenn's sermon I felt very convicted when the story of Elijah in 1 Kings 19 was read. If you remember, Elijah wasn't just hanging out, waiting peacefully for a word from heaven. He was running for his life!

He had just slaughtered the prophets of Baal, the false god ascribed to by two of the cruelest, craziest characters in history—

King Ahab and Queen Jezebel. 1 Kings 19:3 says, *"Elijah was afraid and ran for his life."*

Keep reading. Elijah may be a lot more like you than you realize.

Elijah was afraid and ran for his life. He came to a broom bush, sat down under it and prayed that he might die. *"I have had enough, Lord," he said. "Take my life; I am no better than my ancestors."* (1 Kings 19:3–4)

Have you ever been there? Have you ever just had enough?

When we look around, so often all we see is failure and fear and insurmountable odds. Elijah had just angered the most powerful and evil woman in the world. She had endless resources and countless ways to end his life.

This great prophet saw no way out. He was done.

Again, keep reading:

Then he lay down under the bush and fell asleep. All at once an angel touched him and said, "Get up and eat." He looked around, and there by his head was some bread baked over hot coals, and a jar of water. He ate and drank ... Strengthened by that food, he traveled forty days and forty nights until he reached Horeb, the mountain of God. (1 Kings 19:5–8)

Looking back at your life, can you think of times when God supplied you with sustenance? When a meal was waiting or a check arrived in the mail? What about when a smile came your way at just the right time?

We serve a God of heavenly heights who crafted this physical world we live in. He knows when we're hungry and thirsty. He knows when we can't walk another step. And He loves to provide spiritually and physically for His children.

What truly convicted me was God's pointed question to Elijah. *What are you doing here, Elijah?* (1 Kings 19: 9)

How often when we are discouraged and dejected do we find ourselves wanting to run and hide just like Elijah. It is at that time that we must remember God's question. What are you doing here?

This month the PNC interviewed a promising candidate only to discover major concerns the next day. We ask for your continued prayers as we continue the search for our next pastor.

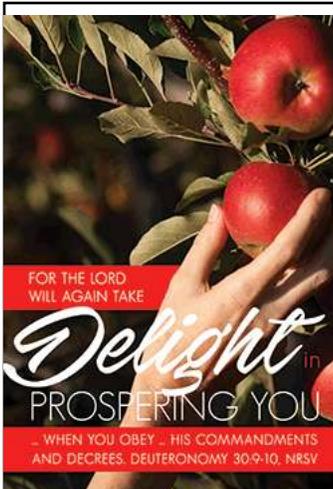

Grace and peace,

Don Cherry.

PNC Chairman

Manse Fund- The Session has approved the collection of funds to help pay for the renovation and restoration of the Manse. There are monies that will not be paid by the insurance company, such as deductibles under our policy, and extra expenses incurred as a result of the fire, and it is these costs we are targeting with this fund. Once we know an estimate of costs, we will let you know the amount we will need, but funds can now be sent in and designated "Manse Fund" so we will be able to take care of these expenses. The Manse Fund will be a restricted fund only used for expenses caused by the fire and the restoration and maintenance of the Manse.

As We Are

4

As we read the scriptures, we should learn from them, and work to become better. We read frequently in the scriptures “And behold, all that he requires of you is to keep his commandments; and he has promised you that if ye would keep his commandments ye should prosper in the land.”

We see an example of this in the book of Judges. The Israelites, have a cycle of being righteous, having peace and prosperity, then they become proud in their abundance, then turn away from God. They become wicked, so God does not prosper them, and they become enslaved, then they become humble, repent, then they are delivered out of bondage, then they again have peace and prosperity. This cycle is repeated throughout the book.

During the days of Joshua, they were righteous and worshipped Jehovah, but when Joshua died, they turned away and begin to worship other gods. When Eglon became their leader, he put them, again, in bondage. They repented and humbled themselves, crying unto the Lord, so he listened. Then in Judges 3:15 Ehud was a son of Gera – a Benjaminite (Benjamin – means son of right-hand). Ironically Ehud was left-handed, the people didn’t trust him because of that, they didn’t trust anyone who didn’t fit the mold. Even in recent days, people look down on others who are different. Ehud was read to serve - despite his differences.

In fact, it was because Ehud was left-handed that he was able to deliver Israel out of their 18-year bondage. As Ehud went to deliver a present to the King of Moab, he fastened a dagger on his right thigh, which was not searched, because the people were used to right-handed people, who would not hide a weapon on the right thigh. I love this story; God doesn’t require His servants to fit a certain mold. He knows our strengths and weaknesses, and He can use us for good, as we are. Often it is because of our differences that the Lord uses us to help others. We are all different, we have different strengths and different characteristics, sometimes others may try to make us feel bad or demean us because of these differences, but God knows us; He can, and will, use us as we are. ~ *Sherolyn*
